SIAM COOLING SYSTEM CO., LTD.

- **AIR CONDITIONING & REFRIGERATION SERVICE.**
- **ISOTHERM DISTRIBUTOR OF THAILAND.**

Offers refrigeration solutions suitable for marine equipment systems. Exclusively for sailing yachts and motor cruisers. Many years of practical marine experience, we can specify and properly size air conditioning system and refrigeration system equipment. Siam Cooling has a highly experienced customer service team to assist our customers in terms of recommendations for modification and upgrading their existing system.

SCS PRODUCT CO., LTD

- **MANUFACTURER OF MARINE AIR CONDITIONERS.**

We, SCS Product Co., Ltd. (SCS) provide highly satisfactory marine air conditioners and accessories to customers around the regions of South East Asia.

Although SCS has just been established two years ago its mother company, Siam Cooling System Co., Ltd., has been a manufacturer and supplier of components and equipment in RHVAC systems for 10 years. SCS Products are made of quality parts and components assembled on high quality stainless steel bases with epoxy coating.

Our main products are marine air conditioning and chiller systems.

And all models are available tailor made for luxury yachts.

Finally SCS Products are complete on the total package.
